

# South London Botanical Institute

## Membership Form

**Founded in 1910 by Allan Octavian Hume to bring the study of plants to people in South London, the SLBI is a community resource for discovering botany, ecology, horticulture, plant conservation and related arts.**

Our members include a variety of people interested in plants – from amateur and professional botanists, to gardeners, artists, photographers, ecologists, writers, campaigners, and others with an urge to learn more about the plant kingdom.

Many distinguished botanists have also been associated with the Institute, notably W.R. Sherrin, Dr John Ramsbottom, J. E. Lousley, and Dr Cecil Prime.

### **SLBI Members' Programme**

Through talks, workshops, guided walks, courses and other events, members can learn about the many aspects of botany in the very beautiful and historic environment of our building. So whether you're new to the world of plants, or an old hand, we hope you will join the SLBI and continue your botanical learning journey with us.
