MEMBERSHIP

Our membership reached a record level of 400, showing a shared interest in plants and their importance in securing a sustainable future

56 open garden events

2 walks around West Norwood Cemetery, as well as plant and bat walks in Brockwell Park

28 people made 374 mistletoe observations in our first iNaturalist citizen science project

38 walks and fungi forays

662 children visited SLBI

with 15 sessions with schools

7 community group visits, welcoming people with disabilities, refugee children, male asylum seekers and elderly people

3 young people sponsored for the Grow Wild London Exhibition

Greening the pavements

83 children & members of our local community started planting areas of the pavements between

West Norwood and Tulse Hill

”

The variety of plants, the beauty of the place, the knowledge of the gardener who was very friendly

”
